Renewable Energy Toolkit (REToolkit)

Category: Information Resources
Sub-Category: Technical Assistance

User: Project Developers

Donor: World Bank (WB)
Donor Countries: Multi-donor

Description:
REToolkit provides a broad set of tools to assist Bank staff and country counterparts to improve the design and implementation of renewable energy projects, incorporate best practices and lessons learned from RE projects supported by the WB and other institutions. The toolkit aims to help identify and design feasible RE projects, determine appropriate promotional policies, identify sustainable business models, finance mechanisms and regulatory frameworks - and utilize the best available project tools, including technical standards and generic terms of reference. The tool is useful for any renewable energy project stakeholder.
